ITALIANS TAKE
THE OFFENSIVE

Crashed Thru Austrian Line South-east of Gorizia, but Advance is Stubbornly Contested

(Associated Press)

London, Oct. 12.—General Cadorna's reported success in breaking the Austrian line southeast of Gorizia in a sudden renewal of the Italian drive toward Trieste, is declared by entente correspondents to have been made in the face of strengthened Austrian lines. Vienna claimed the Italians were driven out of many trenches they penetrated and fighting continues for the possession of others.

GREECE WILL YIELD

The latest on the Greek situation was that the Greek authorities had yielded to the entente demands for turning over virtually the entire navy and dismantling or surrendering all forts on the sea coast. The control of materials for naval operations, the railroads, mail and telegram are reported to have been included in the demands.

A LULL ON THE SOMME

A lull again seems to have set in along the Somme front. London reported no incidents of moment occurred last night.

BULGARS RETOOK BROD

Sofia today announced that the Bulgarians have re-occupied Brod, Serbia, which the entente forces captured recently.

ITALIANS ARE AGGRESSIVE

London, Oct. 12.—The Italians have again taken the offensive against the Austrians in an endeavor to reach Trieste, Austria's chief seaport on the Adriatic, and at several points south and southeast of Gorizia, capturing nearly six thousand prisoners. In southern Gorizia the Austrian front was broken between Tobar and Verboia, according to Rome, and on the Carso front the Austrian trenches were taken. The report says that trenches in the Trentino region were also captured by the Italians and that more than 500 prisoners were taken.

RUMANIANS IN RETREAT

Berlin, Oct. 2.—The Rumanians are fleeing before the Teutons on the whole eastern Transylvanian front, according to an official statement. It is declared the second Rumanian army has been driven back to the frontier.

ALLIES HAND GREECE AN ULTIMATUM

Vice Admiral DuFournet, commander of the Anglo-French fleet in the Mediterranean, has presented an ultimatum that Greece hand over the entire Greek fleet, except the armored cruiser Averoff and battleships Lemnos and Kilkis, to the Allies.

A demand was also made for control of the Piraeus-Larissa railroad. The dispatch quotes the Greek minister of marine as saying the demands will be complied with. The demands are said to be precautionary measures to insure the safety of the allied fleet.

The Greek navy consists of five battleships, one armored cruiser, a coast defense ship, two small cruisers, ten gunboats, seventeen destroyers, nine torpedo boats and three submarines.

OTTO HAS CROSSED OVER

Deposed Ex-King of Bavaria Reported to be Dead

(Associated Press)

London, Oct. 12.—Former King Otto of Bavaria, who has been insane for many years, died suddenly today, according to a Copenhagen dispatch quoting a Berlin official announcement. Otto was deposed in 1913 in favor of Ludwig III.

ANOTHER PACKING PLANT
FOR JACKSONVILLE

Jacksonville, Oct. 12.—The announcement here that Thomas E. Wilson & Co., packers of Chicago, will erect at an early date a packing plant for stock yards here came as a distinct surprise, but a pleasant one, and demonstrates the fact that Florida is one the eve of a great development as a cattle state.

Deming, N. M., Oct. 12.—Nineteen Mexicans being held by the army authorities at Colonia Dublan in connection with the Columbus raid, were indicted on charges of murder by a Luna county grand jury, it became known today.

IGNORANT PEONS
FEAR ANNEXATIONBELIEVE THAT AMERICAN CON-
TROL WOULD BE WORSE
THAN RULE OF BANDITS

(Associated Press)

El Paso, Oct. 12.—Peons in the district where Villa is operating would rise to a man in Villa's behalf if the American troops tried to move south, according to a report brought by a Mexican Protestant missionary returned from Central Mexico, made to his superiors. They fear and hate Villa, but have been taught to believe the Americans would go after Villa with the masked purpose of seizing and annexing the country.

PROMINENT DEMOCRATS
RALLY TO PARTYCattis Falsify Both Law and Evi-
dence in Attempting to Bolster
Up Their Claims

(Special to the Star)

Jacksonville, Oct. 12.—Speakers from all sections of Florida are rapidly volunteering their services to the democratic committee. Amos Lewis of Jacksonville county has volunteered to take the stump, and it is stated that he will challenge his brother, Hayes Lewis, collector of internal revenue, and an ardent Catts supporter, to meet him in debate.

Both of the Lewises are good campaign speakers and if they should decide to make a stumping tour of the state, it would add zest to the campaign and would furnish a day that would long be remembered in the political annals of the state.

There appeared here in Jacksonville a new line of campaign literature issued by Catts which attempts to prove that the supreme court was biased and that it would not grant a writ of mandamus to have the 69 votes of Alachua county counted, which is contained in this literature, would make Catts the nominee. He disregards and makes no mention of the fact that if the 123 votes Mr. Knott has certified in Tallahassee that have not been counted were to be considered that Mr. Knott would still be entitled to retain the certificate for 41 votes.

The literature and circulars are looked upon by observing politicians here in Jacksonville as being a clumsy attempt to deceive people into believing that if these 69 votes had been counted Catts would have been the nominee.

Records on file in the office of the secretary of state show that Catts has never been entitled to the nomination since September 21st. Mr. Knott has had at all times more votes in the office of the secretary of state than Catts.

Counsel for Mr. Knott applied to the supreme court October 3rd for a writ of mandamus to recanvass all amended returns from all counties, including Alachua and the 69 votes Catts is making so much fuss about, to be canvassed along with all others. The supreme court denied Mr. Knott's application on the grounds that to canvass the votes then on file would not change the result and that it was an unnecessary proceeding and could result in no relief or benefit to Mr. Knott.

Mr. Catts' attorneys at the same time attempted to have the 69 votes of Mr. Catts counted and attempted to have the supreme court order that certain Catts returns be counted and that all others be disregarded. Mr. Flournoy, chief counsel for Mr. Catts, has been appealing to the court daily for this unfair advantage until Tuesday, when the court adjourned for a vacation until the 17th of October.

New York, Oct. 12.—Indication that the American naval patrol is on duty along the North Atlantic coast was given when the captain of the steamer Munmar, from Cuba, reported an American destroyer circled his ship off the Jersey coast until he displayed the national colors.

SUNK ONLY FINE SHIPS

Washington, Oct. 12.—Rear Admiral Cleaves, commanding the Atlantic destroyer flotilla, reported today that his personal belief was that no steamer by the name of Kingston or Kingstonian was sunk by the German submarine during operations off Nantucket. A search has failed to reveal any evidence that such a ship was in the vicinity. Admiral Cleaves believed the name Knudsen was misunderstood for the Kingston. If this theory be correct, only five ships were sunk.

AUTO ACCIDENT

Fatal Result Narrowly Escaped by
Stein and Fauth

Yesterday afternoon about 1 o'clock Mr. Harry Stein and Mr. Fauth of the Theus Furniture company had a narrow escape from serious injury when the auto truck which the former was driving turned turtle on the public road about a mile west of Leesburg. Both were pinned to the ground under the car, and but for the fact that they had picked up a colored man at Whitney who was riding in the rear of the machine and was thrown clear of the wreck, and died off of them, they would probably have suffered seriously if not fatally.

They were taken to Leesburg, and after being attended to by a physician secured an auto and caught the Seaboard limited for Ocala. Mr. Fauth received a number of wounds about the head and face, and had his knees badly injured, while Mr. Stein escaped with only a few bruises about the legs, where a portion of the car rest-caster turned over on him.

The accident was caused by the breaking of the left-hand radius rod. Everything considered, the occupants of the car are to be congratulated on their escape from serious injury.

TAMPA PROMISES
THE BEST OF
TREATMENTTo Confederate Veterans, Sons of
Veterans and Daughters of the
Confederacy who Meet in
that City Next Week

(Special to the Star)

Tampa, Oct. 11.—Confederate Veterans and Sons and Daughters of the Confederacy who attend the annual reunion here October 17, 18 and 19, are assured the warmest kind of a welcome. The Tampa spirit will be manifested as never before in extending the hand of hospitality. Arrangements have been made for a large electrically illuminated arch of welcome which will greet the arrivals at the union station. Public buildings will be elaborately decorated and all business houses have been asked to co-operate. Many social events have been planned in connection with the business sessions. One of the most pleasing incidents of the period will be the parade Thursday afternoon, October 19, in which 3,500 school children will take part, following the veterans and other marching bodies. Each child will be furnished with a tiny Confederate flag. They have been given a half holiday by the school authorities and will enter enthusiastically into the spirit of the occasion.

TROUBLE WITH THE
DISPOSAL TANKOf Ocala's Worries With Her Im-
provements, There Seems
to be No End

It seems like Ocala has more than the usual share of trouble with her few hundred thousand dollars of improvements.

The latest worry is with the tank for the ultimate disposal of the sewage. It is located in the lowest place in the city, and after draining the solid matter out of the sewage is supposed to discharge the fluid through a well into the underground river that the government geologists say traverses this section between Silver Springs and Blue Springs. The tank is of cement braced with steel. It was built on top of the ground, and looked like a small jail. Then it was lowered into place by digging out the ground under and in it, as the curbing is sunk in a well. When it had reached almost the required depth, the diggers struck one of the cavities that abound in this section. This was covered with a heavy floor of cement, and everything was believed to be all right.

The cement must have cracked, however, for when the time came to use the tank, and it was tested by being filled with water, the water soon ran out. It was re-filled two or three times, but with the same result.

President Nash notified the contractors, also Twombly & Henney of the trouble. Bryan & Co. sent a man here, and after taking a look at the tank he returned to make a report to his employers. Bryan & Co. have written that they are willing to stop any excessive leakage in the tank under operating conditions. They say, however, that they believe that as soon as a hundred or more houses are connected to the sewerage system, the leakage will automatically take up to a reasonable amount. At present only half a dozen houses have been connected.

The tank now looks like one of those German submarine defenses off of which a British shell has blown the lid.

CHANGE IN TEXAS OIL AGENCY

Mr. Eugene E. Dobbs has resigned as Ocala representative of the Texas Oil company, in which capacity he has been acting for the past year. Mr. J. T. Jones, who for a number of years has had charge of the Standard plant here, succeeds Mr. Dobbs.

Mr. R. W. Crenshaw, traveling salesman of the Texas, whose headquarters are in Tallahassee, is here for a short time to assist the new agent in covering the territory. Mr. Jones has been connected with the oil business in Ocala for so long that he has earned the nickname of "Standard Oil" Jones, so his friends will now probably dub him "Texas."

The city supply station will continue to be located at the Dobbs garage on North Magnolia street.

FLORIDA REGIMENT
ON THE FRONTIERSoldier Boys are Well Pleased with
Their Trip and First Impression
of the Border City

(Special Correspondence of the Star)

Laredo, Tex., Oct. 8.—The Second Florida regiment arrived here Friday. All were well. The boys had the best of train service, being provided with Pullmans all the way. Lieut. Will of Co. D, head of the regimental canteen, saw that the boys had what they wanted in smokes and soft drinks, while Charlie Rodoff the "crab man" served "hot dog." We were on the road three days and four nights.

As the boys were fortunate in getting paid off at Black Point, the monotony of the journey was broken with the always favorite game of craps and penny ante.

The only state we passed through of commendable interest was Louisiana, which can truly be said to be a state of molasses and rice. If we passed one mile of sugar cane, we passed through fifty. All plantations seemed to have their own refineries.

We were granted the privilege of seeing San Antonio, and visiting the Alamo and other points of interest. Our camp is situated about fifteen minutes walk from the heart of Laredo, which is a town of about 20,000 population. Soldier life is much better here than in the mobilization camps as the boys have the privilege of going to town any time when not on duty. Reveille is at 6:45, retreat at 6:45 and taps at 1 o'clock.

The boys that wear the khaki are well looked after here. There is an open air picture show, a Y. M. C. A. building large enough to accommodate all who wish to write, also a piano and plenty of good music for those so inclined, and there are some "artists," both vocal and instrumental.

Will send you a few hundred dollars in Mexican money and if there is anyone in the "City Beautiful" wishing to visit the land of cactus where Pancho Villa reigns, it may be of value to them, but it isn't any good in Carranza territory.

The regiments from New Hampshire and Missouri are here, also an infantry, regiment, coast artillery and also a cavalry troops of regulars.

FORT KING

Fort King, Oct. 11.—Mr. J. E. Baxter keeps sweet these days making some very delicious sorghum syrup.

Mr. Dewitt Staats of Candler was a welcome visitor among some of his old friends Saturday.

The young folks report a very pleasant time at a dance at the home of Mr. and Mrs. T. H. Bateman Tuesday night.

Mr. William Clayton who has been at Fort Myers for the past several weeks is visiting his parents.

The Fort King Woman's Club met at the home of Mrs. J. E. Baxter Tuesday afternoon, Oct. 10th, to discuss the ways and means of completing payment of the debts incurred by the Fort King church for improvements. After much discussion it was decided to raise the required sum by subscription, each member agreeing to give 50 cents and to ask their friends to contribute also. This finishing the business meeting the members repaired to the dining room where delicious refreshments were served. The color scheme was everywhere carried out by immense banks of yellow flowers.

Mr. and Mrs. J. Y. Purvis are enjoying a delightful visit from their son and wife, Mr. and Mrs. Marcus Purvis. Mr. Purvis has just returned from South America, and was joined at Jacksonville by his wife and baby and his brother, W. M. Purvis of New York city, and will make a short stay at Ocala before returning to Havana, Cuba for the winter.

BLITCHTON

Blitchton, Oct. 11.—Dr. Blitch is in South Florida this week.

Miss Ione Hodges of Hodges Island is the attractive guest of Miss Oda Blitch.

Dr. and Mrs. J. L. Davis and Miss Mamie Fant of Irvine, Mrs. Sue McIver of Ocala and Messrs. J. J. Harris and Porter Priest of Morrilton were Sunday guests.

Miss Lula Sanders of Gainesville, spent Sunday with her parents, Mr. and Mrs. C. S. Sanders.

Messrs. J. M. Blitch, Goree Blitch and Landis Blitch and J. W. Coulter visited Ocala Tuesday.

FOUR TO ONE IN
BOSTON'S FAVORSUPERBAS STRUGGLED STOUTLY
BUT 1916 WORLD'S SERIES
GOES TO THE RED SOX

(Associated Press)

Boston, Oct. 12.—With thousands of people free for the day on account of Columbus Day, which is a holiday here, baseball officials were of the opinion that the greatest crowd in the history of baseball would witness the fifth and possibly deciding contest in the world series. The air is crisp and cool. The weather forecast predicted that south winds would temper the air by the time the game is called. Fans who came early to get the choice of bleacher seats were clustered about bonfires.

The Red Sox are still the favorites in the betting with odds of 3 to 1. The gates opened at 10 a. m. and by the noon hour the open stands were filled.

Shore started to warm up for Boston and Smith and Pfeffer for Brooklyn.

SPECIAL REPORT

At 1:54 p. m. the umpires entered the field and took their positions, viz: Connolly at the plate, O'Day on bases, Dinneen in left field and Quigley in right field.

MEETING OF STOCKHOLDERS
OF MARION FAIR ASSOCIATION

The stockholders of the Marion County Fair Association held an adjourned meeting at the board of trade room at 2 p. m. Tuesday, October 10. There were 487 shares represented by proxy or in person.

The special object of the meeting was to hear the report of the committee appointed to do the preliminary work necessary to the securing of the new charter.

The committee reported that all preliminary work had been done, that an application for charter of the Marion County Fair and Agricultural Association, an association not for profit, had been duly published according to law and a copy of the same spread on the minute book of the Marion County Fair Association and the charter granted.

The report of the committee was accepted and proper arrangements made for the conduct of the 1916 fair, under the auspices of the new corporation, the Marion County Fair and Agricultural Association.

KENDRICK W. C. T. U.

The ladies of the Kendrick Woman's Christian Temperance Union held their regular meeting in the church Tuesday afternoon, Oct. 10th. The attendance was somewhat smaller than usual, but the interest and enthusiasm were none the less. We had the pleasure of having with us as visitors, Mrs. F. G. B. Weihe of Ocala and Mrs. Freeman of Candler.

The meeting was opened by singing "Prepare to Meet Thy God." The vice president, Mrs. C. H. Shaw, read as a scripture lesson the 158th Psalm. Prayer was offered by Mrs. B. C. Webb.

After the roll call and reading of the minutes of the previous meeting, the secretary read a letter from our president, Mrs. J. Bradford Webb, who is out in Denver, Colo.

A considerable amount of unfinished and new business was transacted in a very satisfactory manner.

The meeting was closed by singing "Someone is Looking to You" and repeating the Lord's Prayer in concert. The next meeting will be held Oct. 24th, the place of meeting to be announced later. Julia H. Webb, Press Superintendent.
